Subject: FW: HES Support Sch_ver 2.xls

Here are the revisions. Please call me to discuss. One major change was the 1.4 from 1.5 with the (0.1) deviation removed.

Also, I would like to see all the schedules relating to the WSA budget/headcount. I would like to review with Rick, so tomorrow isn't the first time he sees. Most importantly those related to the TES and ERP.

Thanks,
-L
